

Adding Software Engineers

Access

To add a software engineer to the list of authorized software engineers for the current application area, click the **Add** button of the [Create/Modify an application area](#) dialog box.

Important: Only administrators can change the information in this dialog box.

Lists

Software engineers

List of the software engineers who have no authority on the current application area.

Extended-selection list.

Buttons

[Add](#) (validation)

This button adds the selected software engineers to the list of authorized software engineers for the current application area, and opens a dialog box which is used to modify their authorities.

Cancel

This button closes the dialog box without validating the selections made.

Keyboard shortcut: **Esc**.
